

BusinessFit SA

Jannie Rossouw and David White

Date: 26 July 2023

Dear Jannie and David,

Just a short note to say thank you for the incredible Motus Supplier Development Programme you have been facilitating for our SMEs of which Phase 1 is completed.

Over the 6-month programme we watched each of the SMEs on the Transformation Programme grow in ability and confidence.

The 3 Master Classes on Business Sustainability, Ethics and Leadership were exceptional. It was wonderful to see the entrepreneurs grasp these somewhat complicated concepts so easily, and then apply them logically into their businesses and daily livings.

The 5 Stage Quality Assurance process inciting entrepreneurs onto the next level in their business is simply marvellous. The BusinessFit App is significant in that it helps entrepreneurs to be guided step by step forward, and to maintain records of each of their compliance and supporting businesses activities.

Having sat in at most of the mentoring sessions, I realised that although you both are clearly seasoned business advisors, it is really your passion for business development and deep caring for people, society, and the environment, that shines through – and providing a spectacular outcome.

Each of our MOTUS suppliers on the BusinessFit Programme are now better equipped to run their business, and to ensure considerations as legitimacy, risk management, productivity, ethical culture, and effective leadership and managed responsibly.

My favourite part of the Supplier Development Programme is Level 4 of the Quality Assurance process, where the pillars of Leadership, Functional Area Foundation, Measurement and Energy are discussed and monitored through a Corrective Action and Sustainability Report.

From success to sustainability. We at MOTUS feel that we have really helped our Suppliers to be the best they can be through the MOTUS BusinessFit SME development programme.

Thank you for your exceptional standard of interaction and care.
